Subject: D5951/D5953/D5955/D5957

David,

Last year we made a change to the ridges on the 205 saddles (we made a 0.033" X 45 degree chamfer) which I've attached.

Production is making a run of the extended high gear saddles D5951/D5953/D5955/D5957. Can the changes made to the 205 saddles be applied to the x-tended high gear saddles?

The extended high gear goes onto the same D205-634 skidtubes

Chris Bell is currently updating the D5951/D5953/D5955/D5957 saddles and if this change is acceptable, we will add it in

Peter
